SKILLS

JavaScript ES6 | TypeScript | ReactJS | Redux | Styled Components | HTML5 | S(CSS) | Git | Figma | Agile/Scrum

EXPERIENCE

Front-End Developer – Chingu

January 2022 – June 2022

• Litetalk

- Developed a messenger app using HTML5, JavaScript ES6, CSS, MongoDB, Express, ReactJS, NodeJS, Redux, Sockets.io.
- Coded the figma design of the signup/login and latest chats pages.
- Implemented the validation on the signup/login page.
- Implemented handling of latest chats data that included combining 2 separate data objects into one and creating a sorting helper function.
- Implemented the signup and login user actions.
- Created and maintained the backlog of the project in ZenHub.
- Worked productively as part of a software team in scrum/agile environment.

• Develapp

- Developed an app idea finder using React, JavaScript, SASS.
- Designed and implemented the radio search form component.
- Designed and implemented search results component including fetching the data from the backend API and displaying it on the page.
- Created and maintained the backlog of the project in ZenHub.

Freelance

January 2021 – January 2022

Created websites for individual clients according to their specifications.

- Maintained the codebase and provided consultation for bezpiecznykod.pl
- Designed and implemented comic strip website kropkasbox.com and scored 100 on accessibility and best coding practices on lighthouse.

TRANSFERABLE EXPERIENCE

Junior Front of House Manager – Wagamama

July 2015 – December 2021

- Prepared shifts workflow and supervised staff throughout the shifts. Trained supervisors and team members.
- Maintained high standards of customer service during high-volume, fast paced shifts.
- Resolved customer complaints and staff conflicts.
